DETAILED ACTION

Allowable Subject Matter

Claims 1-12 and 39 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record teaches an active matrix liquid crystal display device comprising: a pair of substrates with a liquid crystal layer therebetween; a plurality of video signal lines and a plurality of scan lines formed on one of the pair of substrates, and a plurality of pixel electrodes connected to one of the video signal lines through an active device; and a plurality of color filters formed on another of the pair of substrates; wherein a black matrix is arranged between the one of the video signal lines and one of the color filters, and a planarization layer is arranged between one of the pixel electrodes and the shield electrode. However, the prior art of record does not teach, in combination with the limitations supra, a shield electrode overlaps with the one of the video signal lines in plane view and is arranged between the one of the video signal lines and one of the color filters, and a planarization layer is arranged between one of the pixel electrodes and the shield electrode.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

This application is in condition for allowance except for the following formal matters:

the presence of claims 13-38 to an invention non-elected with traverse in the reply filed on 11/02/04.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

The prosecution of this case is closed except for consideration of the above matter.
